RG104 E-1 Box 133

The Mint of the United States,

AT

Philadelphia, Jan. 5, 1883.

Sir:

I beg to direct your attention to the fact that vault room for the storage of Standard Silver Dollars in this Mint, is very nearly exhausted.

The stock on hand now aggregates upwards of ten millions. One vault, containing nearly three millions of coin is badly ventilated, and the decay of the bags is probably far advanced. If even one vault could be emptied it would give relief.

Very Respectfully

Hon. A. Loudon Snowden
Superintendent
